New Email Address and Follow Up

My recent email interaction with Bishop Eric Aguirre, at Living Word Christian Church in New Rochelle, New York.

Initial Email

Good morning, Bishop Eric

I am reaching out to you to let you know my new email address, FYI I am not good at keeping a steady email. I also may owe you an apology because I have documented one of our email conversations and uploaded it to internet Archive. I really wanted to preserve it, but didn't think of it being a potential privacy issue. I also introduced you to Laura Rossi from the Westchester Community Foundation a couple months ago, because I thought she could've been insightful towards possibly making the church a grantee recipient, which could help with the church's location.

I also tried out the donation method on your website, but I wasn't sure if it went through or not. If not, I do have a few questions. Does the church bank with Chase? If so, what type of ACH do you use for donations made on your website, rapid, same day, or standard. Knowing this information could potentially help me plan better if I decide to make a future gift on the website, as it will give me an idea on when the donation proceeds would become available.

Let me know.
